your CSS file is named # styles.css .
Update your HTML to:

<!-- filepath: /workspaces/CR-02-cl
<link rel="stylesheet" href="style:

4. Image Permissions:
Make sure the image files have read
permissions.
You can run:
chmod 644 img/*.png

5. Browser Cache:
Try refreshing your browser or clearing
the cache.

6. Dev Container Path:
Make sure you are serving the site from
CR-02-charity-water-lp so the
paths match.

Summary:
The main issue is likely the CSS file name
mismatch. Fix that first and your images
should appear.
